

Cyber Awareness Starter Toolkit

Essential Resources to Strengthen Your Business Security

Cybersecurity threats are constantly evolving, and businesses of all sizes need to take proactive steps to protect their data, employees, and customers.

This toolkit provides practical, easy-to-use resources to help you improve cybersecurity awareness, assess risks, and implement best practices.

AwareSecureCo

What's Inside the Toolkit?

- 5 Essential Cybersecurity Awareness Tips – Quick actions to immediately strengthen security.
- 10 Minute Security Health Check – A self-assessment tool to measure your Cybersecurity readiness.
- Employee Cybersecurity Awareness Policy – Editable template to set clear security expectations.
- Cybersecurity Myths vs. Facts Sheet – Debunking common misconceptions to help businesses stay protected.
- Cybersecurity Glossary – Simple explanations of key Cybersecurity terms.

How to Use This Toolkit

- Start with 5 Essential Cybersecurity Awareness Tips – Take immediate action to enhance security.
- Take the 10 Minute Security Health Check – Assess your current security posture and identify areas for improvement.
 - Complete the checklist inside this Starter Kit
 - Prefer an interactive version? Take the online Health Check and get instant recommendations: www.awaresecureco.co.uk/10-minute-health-check/
- Implement the Employee Cybersecurity Awareness Policy – Customize this editable template to establish clear security guidelines for your staff.
- Read the Myths vs. Facts Sheet – Avoid common Cybersecurity mistakes and build awareness.
- Use the Glossary of terms as a Reference – Understand essential Cybersecurity terms.

Next Steps & Staying Secure

- Cybersecurity is an ongoing process, not a one-time task. Regularly review and update your security practices.
- Stay informed about the latest threats and best practices. Cyber risks evolve, and awareness is key.
- Share these resources with your team to create a culture of cybersecurity awareness.
- Taking small steps today can prevent major security breaches in the future. Use this toolkit to build a stronger, more secure business.

Take Your Security Further with Cyber Essentials

The UK Government's Cyber Essentials certification helps businesses defend against common cyber threats and is a logical next step after using this toolkit.

- Demonstrate security to customers
- Protect against 80% of cyber attacks
- Meet key compliance requirements
